

POLICE REPORT — READY TO FILE

Prepared 2026-10-11. File online with the Canadian Anti-Fraud Centre:

<https://reportcyberandfraud.canada.ca/> and/or in person at your local RCMP detachment (bring this page and the evidence folder).

Complainant: [your name / business: Strategic Crypto Reserve] Contact: support@kevinkatovic.com
Type: repeated unsolicited sexually explicit images by email (harassment / indecent communications),
Criminal Code s.372(2), s.372(3); CASL.

WHY THIS CASE IS PARTICULARLY DISTURBING

These are not text adverts. Each message pushes two or three graphic pornographic photographs straight into the inbox, unrequested, with no warning and no way to avoid seeing them. They are sent again and again from fresh hijacked school accounts so that no filter keeps up. Being forced to view this material repeatedly is a deliberate, degrading intrusion. It has seriously damaged the sense of wellbeing and the mental health of the person who reads this mailbox, and it is disgusting. That the accounts used belong to a school, and some appear to be students' accounts, makes it worse.

THE EVIDENCE

1) Your domain, laureanogomezcastro.edu.co. SIXTEEN different accounts on it have delivered sexually explicit image mail to us in ten weeks (5 August to 11 October 2026), from our mail server log:

(all @laureanogomezcastro.edu.co, all relayed by Google, times Pacific)

Every one is 257-333 KB, the size of the 2-3 pornographic JPEG photographs carried by the four we kept. That is roughly 40-48 explicit images from this one domain.

2) The wider series. The same lure ("Welcome To Local Real Craigslist / NO CREDIT CARD / NO BULLSHIT / ONLY SIGNUP / CLICK HERE") points to a numbered chain of Google Sites pages, sites.google.com/view/meltingme-sexN. Our archive holds 29 "meltingme" messages from August 2024 to today (57 explicit images attached), and the site numbers have climbed from meltingme-sex4 (19 Aug 2026) to meltingme-sex213 (today), so the operators have built over 200 of these pages. Across the whole family of Google-relayed "Craigslist / sex" Google Sites lures, our archive holds 101 messages from 63 different hijacked school and government domains since April 2024, carrying 108 explicit images, nearly all stamped with the same +0600 sender clock. This is one criminal operation, and it has been targeting this mailbox for two and a half years.

ALREADY REPORTED

(2026-10-11 10:51 Pacific, all accepted by the receiving servers):

Google network-abuse@google.com; school postmaster@laureanogomezcastro.edu.co;
Policía Nacional de Colombia caivirtual@policia.gov.co; colCERT contacto@colcert.gov.co;
APWG, CRTC Spam Reporting Centre (spam@fightspam.gc.ca), SpamCop.

EVIDENCE

(raw original messages with full headers, kept unaltered):

/home/kevin/Mail/archives/40526 (11 Oct 2026), 39215 (16 Sep), 38485 (19 Aug), 38275 (10 Aug)
/home/kevin/Desktop/Spam/adultt.eml
Mail server delivery log lines for all 16 messages (IDs listed above): /var/log/exim/main.log*
Full 145-row evidence table: Appendix of this report

WHAT I'M ASKING POLICE FOR

Open a file, record the harm, and request (through Google / Colombian authorities) the identity of the people logging in to these accounts, so charges can be laid against them personally.

APPENDIX — Evidence table: archived adult-lure messages (Apr 2024 – Oct 2026)

Source: raw messages in /home/kevin/Mail/archives (file number = archive ID). Columns: date sent, archive ID, sender account, sender clock offset, explicit images attached, Google/Microsoft relay IP, lure web page(s), subject, campaign markers.
